Victoria Helena Mihatovic
an upcoming Sonoma State University Spring 2016 Graduate in Art Studio, sculpture emphasis, has been awarded a commission by Lagunitas Brewing Company, in partnership with the City of Petaluma for her work titled “SPARK 9.12.15”

An excerpt of her Narrative:
“On September 12, 2015, a small spark started in the area of Cobb Mountain. Within a few hours, this spark turned into flames that spread to 60 miles overnight. With Spark 9.12.15, I would like to commemorate and honor those who volunteered their time, goods, and services to so many in the most dire time of their lives. It was with a single spark and flame that such a tragedy occurred. Conversely, it is the spark of humanity that will endure through the lengthy and arduous rebuilding and healing process, symbolizing the smallest of good deeds, in the midst of the most ominous of calamities.”

Victoria’s public art commission is planned for installation this summer of 2016 along the walkway on North McDowell Blvd in front of Lagunitas Brewing Company.

Most recent prior exhibitions of Victoria’s include:
2016 WHAT’S RIGHT, WHAT’S LEFT Democracy in America, Phoenix Gallery, Chelsea, New York
2015 COMMENCE: Sculpture project 2015, Outdoor Public Art, Sonoma State University, Rohnert Park, California
