

Are you an ice cream lover with an interest in the slow food movement, nutrition, and saving the planet? Lāloo's (pronounced Lay-looz), is a gourmet natural food company in Sonoma County. We are a small family owned company and work on a 5 acre "farmette" in Petaluma. Our ice cream is sold nationwide in many natural food stores. We are looking for a fun, smart and motivated intern to help out in our main office a few mornings a week. Work will be sales, marketing and public relations support.

This is an unpaid internship for school credit only! Morning hours are preferred and can start working ASAP.

This is a great opportunity to learn the Natural Foods industry inside and out!

Please send a cover letter and resume to Kirsten@laloos.com
