

# Internship Opportunities

## Live Arts Productions:

LiveArts Productions provides entertainment and creative support services for corporate and private events. We customize the entertainment to reinforce the company's message and bring the brand to life. We conceptualize, or work within an existing theme to create a seamless entertainment experience. We create a world of possibilities.

This internship is a perfect opportunity for "hands-on" experience with corporate marketing. Students looking for careers in the internet marketing industry are highly recommended.

### Internship Overview

-Work with management to create an effective email marketing program that will be distributed on a monthly basis.

-Experience with Computer Graphics or Website Design preferable but not required.

To find out more information, please contact Anthony Levy (information listed below). To be considered for this position, please email a resume along with a one paragraph essay summarizing why you would be an ideal candidate.
