

Internship Opportunities

Live Arts Productions:

LiveArts Productions provides entertainment and creative support services for corporate and private events. We customize your entertainment to reinforce your message and bring your brand to life. We will conceptualize, or work within your existing theme to create a seamless entertainment experience. We create a world of possibilities.

This internship is a perfect opportunity for “hands-on” experience in the events industry. Students looking for careers in the events industry are highly recommended

Internship Overview

-Have the opportunity to meet, network, and work with a variety of professionals in the events industry.

-Research and compile a data list of Event Planners, Venues, etc. within the Bay Area

-Research and compile contact list of potential corporate clients through SFCVB.

To find out more information, please contact Anthony Levy (information listed below). To be considered for this position, please email a resume along with a one paragraph essay summarizing why you would be an ideal candidate.
