COUN 535 Clinical Issues with Children

Delete Prerequisite: ALL

Justification: Specific to course content.

COUN 540 Marriage & Family Counseling

Add Prerequisite: Counseling 510A or consent of instructor

Justification: Specific to course content.

ENSP 305L Computer Aided Applications

Change Title: To: Computer Aided Communications

Change CS#: From 13 to 4.

Change Units: From 2 to 3.

Justification: Old CS number no longer applies. Course is primarily discussion/composition with only a small number of “lab” meetings. New title more appropriately describes course focus. Many “applications” are not addressed. Focus is on visual communication. Over time the depth and breadth of computer-aided communications has expanded. New design programs as well as the addition of digital image modes (still and video) needs additional course time to properly teach.

SOCI 449 Seminar: Sociology of Power

Change Title: To: Sociology of Power

Change CS#: To 002

Justification: Clerical error, course is not a seminar, it is a lecture. This change is needed to reflect the course properly.
