DISCUSSION OF THE WASC THEMES AND AGREEMENT ON WHICH THEMES  
AND SUB-THEMES WILL FORM THE BASIS OF OUR WASC ACCREDITATION  
SELF-STUDY

1. Discussion of Academic Senate's responses to the WASC Themes. Are there any new themes or ideas that should be included?
2. Discussion of the three themes, sub-themes, initiatives underway (using the charts)  
Questions for discussion:  
Are we committed to the three overarching themes? What can we add to the "initiatives underway and groups or committees involved"? Can we narrow the sub-themes to a group that we can reasonably address in the WASC review process? How many? Which ones?
3. Organization of Work for remainder of the semester and summer:
  - a. Schedule meetings for remainder of semester
  - b. Summer work schedule – who is available and when?
  - c. Organization of work: working groups to develop each of the themes; working groups to address each part of the institutional proposal over the summer?
