

--- SUMMER CREDIT FIELD-CAMP COURSE ---

Colorado Ecosystem Field Studies

Earn 3 undergraduate credits in the foothills of the Rocky Mountains at the spectacular 1,200-acre, private *Cal-Wood Education Center* (near Jamestown, Colorado, 1 hr nw of Denver, 1/2 hr nw of Boulder)

Course 1- June 7-20, 2009

Course 2- July 19 – Aug 1, 2009

Accredited by the University of Colorado at Boulder's Environmental Studies Department (ENVS) & Continuing Education. ENVS 4120- Special Topics in Environmental Science. Also satisfies ENVS field requirement. (Offered by the Division Of Continuing Ed as part of the Statewide Extended Studies Program.)

Explore & analyze the fundamental concepts & components of the Colorado Front Range ecosystem including hands-on investigation of:

- * *Geology, geography & climatology*
- * *Ecology, wildlife & botany*
- * *Field identification & research methods*

This all-outdoor course synthesizes and applies information learned in a classroom context to an authentic and dynamic environmental setting. Instruction is delivered with direct lecture, inquiry-based activities with data collection, guided exploration, labs, field trips and guest speakers. Students base/tent-camp in a beautiful mountain location, hike daily, and actively participate in an intensive educational experience. Class size is limited to 16 students.

Cost: \$1,200

For a course syllabus and all registration inquiries, email Steve Johnson, Course Director steve@calwood.org

Hands-on field studies

Rocky Mountain National Park

"Amazing course! It is one thing to learn something in class, its another to learn that same information in the field where it's pertinent and you can experience it...from the cold of the tundra to the heat of the grasslands, the most interesting and engaging 2 weeks of my life. I am really sad to leave!"
