

SCHOOL OF SCIENCE & TECHNOLOGY PRE-HEALTH PROFESSIONS ADVISORY PROGRAM

The Health Professions Advisory Program at Sonoma State University is an advising and support system for undergraduate and post-baccalaureate students preparing for careers in various health professions, including:

- Medicine
 - Allopathic Medicine
 - Chiropractic Medicine
 - Naturopathic Medicine
 - Osteopathic Medicine
 - Podiatric Medicine
- Dentistry
- Optometry
- Pharmacy
- Physician Assistant Program
- Veterinary Medicine

The SSU Health Professions Advisory Committee (HPAC), composed of faculty members who are generally involved in teaching courses that are taken by pre-health professions students, provides advise to and assists students with their health professions school applications.

The Committee's services include:

- Academic advising including assistance with major/minor exploration and selection of course work to meet health professional school admission requirements
- Pre-health professions general information sessions and guest speakers from the health professions (SCI. 150, a one credit course in Introduction to Careers in the Health Professions- offered in fall semester only)
- Resources with information about options in the health professions, volunteer opportunities in health care field, professional school programs and admissions criteria
- Assistance with application and preparation for health professions school interviews
- Evaluation of candidates and disbursement of committee letters of recommendation

For further information about HPAC and its activities, visit the SSU Health Professions Advisory Committee's webpage at <http://www.sonoma.edu/hpac>.
