IT'S EASIER
THAN YOU THINK!

The California State University INTERNATIONAL PROGRAMS

Application Deadline: February 1
(Australia, New Zealand and South Africa: May 1)

IMPORTANT: Return all materials to the International
Programs Coordinator on YOUR Campus

Read Before you Complete Application

Please review the IP website for your overseas center (country) and program before beginning the application. Pay particular attention to the information about the academic program and the eligibility requirements so that you have a clear understanding of the course of study offered and the requirements of the program. If you have questions, see your IP coordinator on campus.

How to Complete the Application

The online version of the application is available at www.calstate.edu/ip. Take care in completing all parts of the application. Remember that it will be judged at a statewide level by people who will not have the chance to meet you in person, so you should make as effective of a presentation of your qualifications as possible.

1a. Application Form - Fill in every item. If an item does not apply to you, enter NA.

- If you need more space you may submit additional pages to your coordinator.
- If you are graduating this May or June, be sure to check the appropriate box in item 10 under "Postbaccalaureate" or your application may be denied for failure to clarify your degree objective.
- On the fourth page of the application there is space for your Statement of Purpose. Follow the instructions carefully.

Programs - Enter in item 1 of your application. If your overseas center is not listed below, enter NA for your program.

1b. Second Choice - Only if both programs are in the same cycle.

You may be considered for a second choice program or overseas center in the event that you are not selected for your first choice. To request this, complete item 2 and attach a separate page to your original application completing items 22-24, 30 and 31 as they relate to your second choice. (When you apply online you will automatically be asked to respond to these questions for your second choice.) Be sure to discuss both your first and second choices in your Statement of Purpose.

2. Faculty Recommendations

- a. **Faculty Recommendations** - You must have two college instructors who are familiar with your recent academic work complete faculty recommendation forms for you. One recommendation must come from a faculty member or graduate teaching assistant in your major department (minor where relevant). Do not request recommendations from employers, university staff, or administrators who have not had you as a student in a course.
- b. **Foreign Language Faculty Recommendation** - This recommendation is required from students who will be studying at the intermediate and advanced levels in the host country's language, including all native speakers, Canada (Francophone), Chile, China, France, Germany, Mexico, Spain and Taiwan. (Not required of students in beginning or "Learn Language" programs.)

When you ask your professors if they would be willing to complete a recommendation for you, take time to familiarize them with the IP program. It may be helpful to give them a copy of the IP country flyer. **It is your responsibility to make sure that all faculty recommendations are received by February 1 (May 1 for Australia, New Zealand and South Africa).** You should collect your recommendations from your professors and submit them to your IP Coordinator on your CSU campus.

3. Transcripts

You must request and submit official transcripts from each university or college you have attended, reflecting grades through the fall term. Be sure to check that they have been received by your IP Coordinator, as your application will be considered incomplete without them. Transcript requests may take three to four weeks to process, so take this into consideration in order to meet the deadline. Your current CSU campus cannot provide copies of transcripts from other institutions.

4. Financial Aid

If you plan to apply for financial aid, do not wait to hear about your acceptance to IP before applying. The earlier you see a financial aid counselor and complete your application file, the better your chances of receiving aid. On most campuses, there is a designated counselor who works with IP students.

5. Passports

ALL APPLICANTS ARE ADVISED TO APPLY FOR THEIR PASSPORTS IMMEDIATELY! Because of the time involved in obtaining a passport, applicants are advised to apply for one even before selection results are known. You can apply for or renew your U.S. passport, which is good for ten years, at designated county courts, authorized U.S. Post Offices, or the federal passport agencies in Los Angeles and San Francisco. Also see: http://travel.state.gov/passport_services.html.

If you are not a U.S. citizen, investigate the visa procedure of your host country to see if there are special requirements that apply to you. This can usually be obtained by contacting the country's local consulate (see "Consulates" in the yellow pages). You should also renew your home country passport now, if necessary. Passports must be valid for at least six months longer than your intended stay abroad.

After You Turn in All Application Materials

After your application file is complete, you will participate in a personal interview with faculty members at your CSU campus. The IP Coordinator at your campus will let you know when and where your interview will take place.

Following the campus interview, applications are reviewed by the central Office of International Programs staff and by a statewide faculty committee which makes the final selection. For most programs, results will be sent in early April to the current mailing address given on your application. For Australia, New Zealand, and South Africa, results will be sent in mid-August.

What to Expect After Selection to IP

With your acceptance, you will receive details about IP policies, course offerings, and the steps to take to prepare yourself for departure. You should be aware of the following items in advance:

1. **Payment** - The payment of prepaid costs is due by May 15; November 15 for Australia, New Zealand and South Africa. Prepaid costs are defined on the IP website for your country and program.
2. **Visas** - Beware that most students will be required to apply for a student visa before traveling abroad. A visa is an endorsement or stamp placed in your passport by a foreign government that permits you to enter that country for a specific purpose and a limited amount of time. Visa instructions will be sent to you should you be selected. **Students should not make travel plans until after acceptance. Students going to countries, which require them to obtain a student visa, should not plan to travel during the summer prior to the published departures dates. Your presence in California (or your home state) may be mandatory for visa application purposes.**
