

About the Community Foundation

The mission of Community Foundation Sonoma County is to strengthen our local communities through effective philanthropy and civic engagement. It advises individuals, families, nonprofit organizations and businesses who have created charitable funds to make a difference in the lives of others through thoughtful and caring philanthropy. It helps donors make donations during their lifetime or as part of their estate plans. It also serves the entire community by distributing grants to nonprofit organizations for charitable purposes. Through our grantmaking, scholarships awards, and convening around issues central to our local communities, we work to make a difference in the lives of people in Sonoma County.
