

Marketing and Sales Internship

We have a marketing and sales internship opportunity. The position would involve working in the tasting room, pouring and discussing our wines, making our customers feel welcome, helping track inventory, processing orders, and selling wine and club memberships. Additionally, this intern would act as an assistant to our marketing director. This component of the experience would involve assisting with blogging, social media marketing, event planning and promotion, among other tasks.

We feel this would be an excellent opportunity for a student to get substantial hands on experience working within a small but growing winery. This would be a paid internship position (hourly plus sales incentives). We do require that any intern be 21 years old or older, able to lift 40 lbs, and capable of standing for long periods of time. We are looking forward to interviewing and hiring for this position immediately. Please have applicants email their resumes and a cover letter to kate@thumbprintcellars.com. Thank you so much and we look forward to working with you.
