

Bartz-Allen Winery seeks PT wine salesperson

Our strategy is to produce and sell vineyard-designate chardonnay and pinot noir from the Sonoma Coast. Our price points are \$30 and \$40 suggested retail per bottle.

We're looking for an intelligent, creative and energetic person to sell wine part-time as an independent contractor. Sales would be both direct to consumer (ie, friends and family) and to accounts (ie, restaurants and wine shops).

We offer an industry standard commission of 15% sales revenue, paid monthly based on sales activity. This is not an employer/employee job, and there is no per-hour pay, only sales success commissions.

This is a good opportunity to get both account sales experience and direct-to-consumer sales experience. Proprietor will teach an interested student a lot about this business, including production, sales & marketing, and finance.

Email resume to: tim@bartzallenwinery.com (please, no calls). Include a cover letter explaining why you want this position.
