

Juvenile Diabetes Research Foundation (JDRF) is the leading funder to diabetes related research outside of the federal government. We are currently searching for an intern who can join us in finding a cure for diabetes. We need someone with leadership skills and a commitment to JDRF's mission, and are willing to be the liaison between students with type 1 diabetes at Sonoma State U. and JDRF.

Time commitment: 5 hours per week, flexible hours

Time frame: August – December 2009

Job Title: Fundraising Intern

Job Description: Engage students and faculty at Sonoma State to become involved in *Walk to Cure Diabetes* on October 24th, 2009 at Wells Fargo Center for the Arts in Santa Rosa. Hold a kick-off event in early September on campus to recruit students. Work with health clinic to reach out to those with type 1 diabetes to connect them with JDRF for support and services. Education and outreach about type 1 diabetes on campus and at other events as necessary throughout Sonoma County.

Requirements: Ability to speak in front of a group. Outgoing and enthusiastic. Able to write a marketing plan with the result of bringing more students to Walk to Cure Diabetes.

Materials and staff support are provided via the Santa Rosa Development Consultant Alison Urmson and the Greater Bay Area Chapter office in San Francisco.

(You do not need to have type 1 diabetes to apply.)

Interested? Contact: Alison Urmson at 707-494-5931 or via email at northbay@jdrf.org
