

June 23, 2010

eWinery Solutions is seeking a part time summer intern with possible continued internship into the fall quarter. eWinery Solutions offers innovative Web Content Management, CRM, eCommerce, Wine Club, and Internet Marketing solutions to wineries and third party marketers. We attribute our success to hard work, essential insight into the global wine industry, creative web development and marketing techniques, and an adherence to the core values of innovation, passion, excellence, and mutual effort. Our focus is on combining essential wine industry knowledge with leading technology to provide software solutions designed specifically for the wine industry. We believe in building strong relationships with our clients in order to further their business goals.

The ideal candidate would be comfortable with Excel, top level CRM understanding, familiarity with basic site map construction and electronic marketing. Intern duties would include website content additions, implementation of client requests, reading and applying shipping tables and admin functions directly related to the eWinery platform. Intern will work closely with our Napa staff to implement the Sonoma State Winery Website Challenge winner's site, Moshin Vineyards along with other clients transitioning to the eWinery platform.

Training is provided and compensation will be offered. Please apply by submitting a cover letter, resume and references to:
