2010 Finance Internships Available

We will have several openings for interns in our Corporate Finance organization this summer! These positions will be located in Novato. We are looking for college sophomores (class of 2012) and juniors (class of 2011) majoring in Accounting, Finance, Economics, Statistics or Math. We are looking for a minimum GPA of 3.0.

These will be paid internships, starting in early to mid June, and ending in mid to late August. This is an excellent opportunity to work in the corporate headquarters of a national company, and a key operating entity to one of the largest and most prestigious insurers in the world. Interns will gain valuable experience handling a variety of entry level accounting or finance functions.

Resumes should be sent to Greg Wright at gwright@ffic.com. Greg can also be reached at 415-899-4144 (22-4144) if you would like to discuss further.
