

# SBE CC Mentor Program

## Spring 2010

The Mentor Program allows you to explore professions, companies and industries in the world of work. It helps you:

- explore careers early in your SSU experience;
- develop a relationship with a business professional; and
- see how classroom learning applies to the real world.

You spend 10 hours over the Spring semester with your mentor doing a variety of things like:

- attending a business meeting;
- holding a mock interview session;
- exploring different careers;
- networking with other professionals; and/or
- observing executives in action.

Check out this valuable opportunity at one of the mandatory orientations.

### Mandatory Orientation:

November 3 or 5,  
12 noon, STEV 2065  
(Applications given  
at orientation)

### Applications due:

November 16

### Interviews:

Week of November 30
