- Students can also take advantage of programs offered by International Programs.

The programs and courses of the Department of Modern Languages and Literatures make accessible to students the languages, literatures, and cultures of France and the Francophone world, Germany and Europe, and Spain and Latin America. We recognize the students' need for linguistic competency and cultural sensitivity in the multilingual, multicultural world in which they will live and work. Thus, language is taught as an integral part of its cultural context.

The Department of Modern Languages and Literatures offers major and minor programs in French and Spanish, and a minor program in German. (Students interested in German should also consider a major B.A. in Global Studies, Europe concentration.) Modern language courses are taught in the target language; functional control of all language skills (reading, writing, listening comprehension, and speaking) is a primary goal.

Through careful academic planning, the study of modern languages can open a wide range of career options in such fields as international business, government service, domestic and international human services, travel, librarianship, translating and interpreting, journalism, and teaching. Modern languages major programs successfully prepare students for graduate study. The
importance of early consultation with departmental advisors cannot be overstressed. It is the key to meaningful access to academic and career opportunities.

It is highly advisable that students combine a major or minor in modern languages with a major or minor in another discipline. Coursework, minors, and majors in modern languages complement specialized knowledge and expertise in other academic areas. The structure of the modern languages major programs facilitates the planning of double majors and minors. In addition to majors and minors offered by other departments, interdisciplinary and career minor programs of special interest to modern languages students include the international studies minor and the minor in linguistics: teaching English as a second language. For further information please consult our Web site: /www.sonoma.edu/forlang/

Secondary Teaching Credential Preparation

The department's Spanish B.A. program is certified as a subject matter preparation program for a California teaching credential. For further information, please contact the Credentials Office, School of Education, (707) 664-2581.

International Programs

Through the International Programs of the California State University, Sonoma State University students may spend an academic year in residence at a university abroad. Courses taken abroad through the International Programs count as residence units in all university programs, and can be integrated into an overall academic plan. For further information, contact the International Services Office, (707) 664-2582.

The Language and Culture Learning Center

The Language and Culture Learning Center is dedicated to enhancing the educational experience of students at Sonoma State University through the use of technology in learning modern languages and exploring world cultures. In keeping with Sonoma State's focus on liberal arts education, the Center strives to integrate learning technologies into students' educational experience in meaningful, personal and individual ways.

The audio facility in 1028 Stevenson provides students with weekday access to language and culture learning materials representative of the courses taught in the Department of Modern Languages and Literatures. In addition to opportunities for listening, responding, recording and playback of language tapes, the 1028 Stevenson facility also provides students with audio recordings of poetry, music, and other cultural materials, as well as viewing stations for videotapes. The Center's multimedia computer facility in 1040 Stevenson offers students the chance to participate in whole-class activities and to independently supplement their classroom work through access to digital language learning materials available on CDs and the Internet. The Center's language mentoring program provides individual instruction and assistance to students enrolled in lower-division courses within the Department of Modern Languages and Literatures. For further information on the Language and Culture Learning Center at Sonoma State, please consult our Web site at www.sonoma.edu/forlang/lc2/.

Placement in Modern Language Courses

Every effort is made to place students in courses at a level where they can continue to learn most satisfactorily. Thus, entering freshmen who have studied a modern language in high school will usually enroll in an appropriate course in the 100-299 sequence, and students transferring from colleges and other universities may maintain continuity of their studies. All students who have successfully completed advanced language study may enroll in upper-division courses (300-499).

The faculty of the Department of Modern Languages and Literatures will assist students in selecting the appropriate course level. The following schedule is recommended:

Students with this many years in high school language courses should enroll in courses in this level:

<table>
<thead>
<tr>
<th>Less than two years</th>
<th>Two years</th>
</tr>
</thead>
<tbody>
<tr>
<td>101</td>
<td>102</td>
</tr>
</tbody>
</table>
Three years 201 or any other 200 course except 202
Four years 202 or any other 200 course except 201

Please note that placement can be very individual, particularly for heritage speakers of a language. Any students who have reason to believe that their language skills are more advanced than this table would imply should consult with the instructor of the course in which they think they would benefit most.

Transfer students with college credit in a modern language may not receive credit for SSU courses in the same language that duplicates previous work. Exceptions may be made by the chair of the department when the following conditions are met:
1. The courses involved are lower-division.
2. The original study was accomplished three or more years prior to enrollment in the equivalent course at Sonoma State University.

In addition to the four-year graduation plans detailed below, students pursuing the Bachelor of Arts in French or Spanish may also elect a five-or-six-year plan. Please see an advisor for details.

Course Challenges

Students may challenge courses, as provided in University procedures (please see more information in the Admissions section of this catalog). It is essential that students interested in this possibility consult instructors of the courses they wish to challenge at the start of the semester.

Grade Requirements

Undergraduate Progression and Retention in French and Spanish Majors: Students must maintain a minimum grade of C- in each course required for the major in French or Spanish; otherwise, the student will not be permitted to graduate in the major. The student may repeat the course if s/he does not earn the minimum grade. The student must receive a grade of C- or better when the course is repeated. This policy also applies to courses taken at other institutions, abroad or in the United States.

World Literatures

The Department of Modern Languages and Literatures regularly offers courses in world literatures, for which there is no modern language prerequisite. Classes are offered in the semesters indicated. Please see the Schedule of Classes for most current information and faculty teaching assignments.

Bachelor of Arts in French

The purpose of the French major is to enable students to attain an advanced level of competency in speaking, listening, reading, and writing, and to provide them with a comprehensive knowledge of the historic and contemporary culture and institutions of France and the Francophone world. The French language is studied not as an end in itself, but as a vehicle for students' broader and more informed participation in their chosen fields. Students who study French at SSU also have the option of completing a portion of the coursework in France (Paris or Aix-en-Provence) or in Canada, and should visit the International Programs Office for details.

Sample Four-year Program for Bachelor of Arts in French

Variations are easily accommodated in the sequencing of GE requirements, but should be made in consultation with an advisor. Note that courses designated as elective or minor total 37 units and could easily accommodate a second major (depending on the selected double major, which might require one or two additional courses). Careful planning and early identification of a second major make this feasible. A variation would be to complete the junior or senior year in the CSU International Program, meeting many upper-division French requirements in a single year, and completing the second major in the other upper-division year at SSU.
