Teaching Credential Preparation in Music

A commitment to active involvement stands at the heart of the music curriculum. Students are involved in many ways—as listeners, performers, composers, critics, or historians. Intelligent and lively participation informs every facet of the department's various degree programs.

The core curriculum for music majors provides a thorough foundation in such essential skills as keyboard facility, theoretical understanding, aural perception, and analysis of a wide range of music literature. All majors gain experience with both the intuitive and the intellectual processes of the art. The curriculum is designed to place the specialized study of music in the setting of a liberal arts education and to serve as a firm basis for careers in a wide variety of professions both in music and related to music.

Four concentrations exist within the major. The Liberal Arts Music Concentration provides a broad basis from which a student may pursue graduate studies or a variety of careers. The Jazz

Studies Concentration trains the student in the techniques and practices of contemporary jazz styles. The Music Education Concentration prepares students to enter the teaching credential program in the School of Education. The Applied Music Concentration is intended for those having a special interest and promise in the following areas:

- Vocal/Choral Performance
- Instrumental Performance
- Opera/Music Theatre
- Composition and Music Technology
- World Music Studies

All students are expected to consult with a music advisor prior to registering each semester; students in the Applied Music concentration should consult an advisor to plan appropriate electives for the specific area of study selected. Any student planning to do graduate work in music should consult a music advisor in time to plan a program that will support the intended graduate specialty. Students planning careers in business or in media should consider minors in communications studies or business administration. The Music Department is a fully accredited member of the National Association of Schools of Music.

Proficiency Expectations for Entering and Transfer Students

Basic keyboard skills and the ability to read standard musical notation are prerequisites to the music major curriculum. All entering and transfer students will be given placement examinations in piano, music theory, and aural skills (sight-singing and dictation) during their first week of instruction. Students with inadequate preparation in keyboard will be expected to take MUS 109 Intensive Keyboard Lab I. Students without background in any of these areas will also be expected to take MUS 105 Fundamentals.

Applied Music and Jazz Studies majors, whether continuing or transfer students, must complete or successfully challenge MUS 320 Ear Training IV. Music education majors may elect to pass or successfully challenge two semesters of MUS 321 Aural Skills Practicum in place of MUS 320. Students in all concentrations except Jazz Studies must also pass MUS 309A/B Keyboard Proficiency Lab. Jazz Studies students must pass or successfully challenge MUS 392 Jazz Piano II.

Basic keyboard proficiency is a prerequisite to enrollment in MUS 110 Theory I Diatonicism. MUS 320 and 309A/B (or 392) are prerequisite to enrollment in certain upper-division music courses.

Lower-Division Program

The core of the lower-division program for music majors is a sequence of courses in musicianship, theory, and music literature. This sequence is a comprehensive approach to ear training in its broadest sense. It includes sight-singing, dictation, counterpoint, harmony, and historic and stylistic considerations as they relate to the development of aural and written skills. Materials and solfege techniques from a variety of musical styles are used. Lower division students are encouraged to enroll in 300 level music ensembles.

Upper-Division Program

The upper-division program is designed to integrate studies of theory, musicianship, keyboard and aural skills, music history and analysis. Students who wish to specialize in jazz, music education or applied music will be required to take classes that develop skills specific to these areas.

Liberal Arts Music majors and students in the Jazz Studies and Music Education concentrations are required to complete a senior project. The senior project, MUS 490, may take the form of directed research leading to a lecture-demonstration, a recital, a music education portfolio, an extended composition, the preparation of a performing edition, or another project of substantial effort. Student performers enrolled in the Applied Music Concentration must present a senior recital, MUS 491.

Performance Ensemble Requirement

Music Department ensembles include: SSU Chorus, Sonoma County Bach Choir, Chamber Singers, Music Theatre Production, Music Theatre Scenes Workshop, Indian Singing Ensemble,

Gospel Choir, Chamber Music, Symphonic Wind Ensemble, Chamber Orchestra, Classical Guitar Ensemble, Chamber Wind Ensemble, Concert Jazz Ensemble, Contemporary Jazz Ensemble, Latin Jazz Ensemble, and Jazz Big Band.

All music majors must participate in departmental ensembles during eight semesters of their undergraduate study. At least two semesters must be completed at SSU. At least two of the resident semesters must be fulfilled in a vocal ensemble (323, 324, 325, 330, 340, 353, 380); also, two resident semesters must be fulfilled in a large, conducted ensemble-which may be a vocal ensemble (324, 325, 327, 328, 330, 380, 390). Students enrolled in the Music Education concentration must include classical, jazz, vocal, instrumental, and world music ensembles in this requirement.

Students enrolled in private instruction must agree to perform in ensembles designated as appropriate by the music faculty, unless excused by their private instructor.

Music Use Fee and Instrument Checkout

A nonrefundable fee of \$25 per semester is charged for use of Music Department facilities and equipment. In addition, a \$20 deposit is charged for checking out a departmental instrument.

Private Instruction

Private lessons are available to qualified music students by audition. The department funds 30 minute lessons; additional lesson time must be paid for by the student. Private lessons are competitive.

Applied Music Concentration

Degree Requirements	Units
General education	51
Major requirements	51
General electives	18
Total units needed for graduation	120

Requirements for the Major

The Applied Music concentration is intended for students who show special aptitude for careers as performers. It is expected that a student graduating in Applied Music will have reached a level of at least semi-professional competence.

Lower-division students are admitted to the Applied Music concentration on the basis of faculty recommendation. Admission to the upper-division is by a juried audition for performers and a portfolio review for composers. These take place at the end of the sophomore year (or, for transfer students, prior to entering the junior year).

Students interested in World Music, Composition and/or Music Technology studies should consult a music advisor for information on an advisory plan. Complete all the following:

Requirements for the Major

The Jazz Studies concentration is designed to furnish the training and background needed for students seeking to work as jazz performers, arrangers, composers, or teachers.

Students planning to pursue careers as jazz performers should take private instruction in their major instrument or in voice as a part of their program. These students normally enroll each semester in at least one Music Department ensemble appropriate to their area of interest. They should also seek opportunities for performance off campus in a wide variety of performing environments.

The music education curriculum stated above is identical to the subject matter competency portion of the teaching credential.

In order to acquire the music teaching credential, the student must complete this concentration, a B.A., and a two-semester program in the School of Education. The music education advisor will guide the student through the program.

The Integrated Program is now available to freshmen. This program prepares students to teach music in the elementary schools, middle schools, junior high schools and high schools in California. Students in this program take coursework in education along with music and general education throughout their undergraduate years eventually graduating with both a B.A. And a teaching credential simultaneously. The Integrated Program requires formal application to SSU's Single Subject Program prior to the junior year.

Music Courses (MUS)

Classes are offered in the semesters indicated. Please see Schedule of Classes for most current information and faculty assignments.

101 Introduction to Music (3) Fall

What does music mean? Why does music matter? These questions will shape the development of listening tools and cultural perspectives appropriate to the diverse and changing roles music plays in different times and places. No prior background in music is required. Satisfies GE, Category C1 (History of the Fine Arts).

105 Fundamentals (3) Fall

An intensive course in beginning music theory. The course covers basic staff reading, intervals, scales, simple triads and their connections in major keys, and rhythmic drill through triplet subdivision of the pulse. Materials are comprehended conceptually, aurally and at the piano. Satisfies GE, category C1 (Applied Arts Combining Studio and Theory). Corequisite for prospective Music majors only: MUS 109.

109 Intensive Keyboard Lab I (2) Fall

A course designed for prospective music majors who fail to meet the keyboard competencies required for entry into the program. Those students who also lack knowledge of theory fundamentals should take MUS 105 with this course. Prerequisites: prospective major status and recommendation of a music advisor.

110 Theory I: Diatonicism (3) Spring

The course covers basic material of music theory in a variety of styles: melodic design, rhythm, texture, formal concepts and the construction and progression of chords, with both a linear and chordal approach. Prerequisites: MUS 105, placement test, and concurrent enrollment in MUS 120 and an appropriate piano class, with both a linear and chordal approach.

111 Theory II: Chromaticism (3) Fall

A continuation of the theoretical studies begun in MUS 110 with special emphasis on chromatic harmony and the treatment of texture and style and the construction and progression of chords with both a linear and chordal approach. Prerequisites: MUS 110 or 112, placement test, and concurrent enrollment in MUS 121 and an appropriate piano class.

112 Jazz Theory I (3) Fall

Harmonic materials and aural skills appropriate to jazz composition, arranging, and performance. Prerequisite: Mus 105 or the equivalent, or consent of instructor.

115 Class Instruction in Voice (1) Fall

Group work in the fundamental techniques of singing. Problems of tone production, breath control, diction, repertory, and interpretation. Offered for upper-division credit as MUS 415 with additional course requirements. May be repeated for credit with consent of instructor. Prerequisite: consent of instructor.

118 Class Instruction in Guitar (1) Spring, odd years

Basic performing techniques on guitar. Offered for upper-division credit as MUS 418 with additional course requirements. May be repeated for credit with consent of instructor. Prerequisite: consent of instructor.

120 Ear Training I (2) Spring

Development of sight singing and dictation skills using pentatonic and diatonic materials. Techniques include moveable-do solfa, takadimi rhythmic system, and drills in intervals, triads, and dictation, facilitated by computer software and partner work. Also emphasizes development of broad listening skills, using examples of great works based upon simple diatonic melodies. Prerequisite: MUS 105 or equivalent.

121 Ear Training II (2) Fall, Continuation of Ear Training I

Sightsinging progresses to two-,three- and four-part music, incorporating the most common chromatic tones. Dictation focuses upon triad inversions, continuing development of melodic and rhythmic dictation skills, and the introduction of polyphonic dictation. Listening skills are pursued using great works which emphasize contrapuntal techniques. Prerequisite: MUS 120 or equivalent.

122 Class Instruction in Strings (1) Fall, even years

Basic performing techniques on one orchestral string instrument. Offered for upper-division credit as MUS 422 with additional course requirements. May be repeated for credit with consent of instructor. Prerequisite: consent of instructor.

123 Class Instruction in Woodwinds (1) Spring, even years

Basic performing techniques on one band or orchestral woodwind instrument. Offered for upper-division credit as MUS 423 with additional course requirements. May be repeated for credit with consent of instructor. Prerequisite: consent of instructor.

124 Class Instruction in Brass (1) Fall, odd years

Basic performing techniques on one band or orchestral brass instrument. Offered for upper-division credit as MUS 424 with additional course requirements. May be repeated for credit with consent of instructor. Prerequisite: consent of instructor.

129 Class Instruction in Percussion (1) Spring, odd years

Basic performing techniques on one or more standard percussion instruments. Offered for upper-division credit as MUS 429 with additional course requirements. May be repeated for credit with consent of instructor. Prerequisite: consent of instructor.
