## Source of Baltic amber

---

---

---

---

---

---

---

---

Termites in Baltic Amber

---

---

---

---

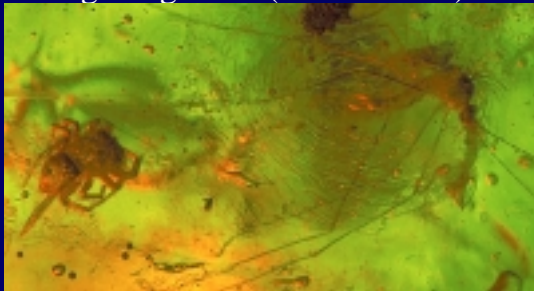

---

---

---

---

Spider approaches fly before getting stuck (Baltic amber)

---

---

---

---

---

---

---

---

Mosquito in Baltic amber

---

---

---

---

---

---

---

---

Fly predation on ant (Baltic Amber)

---

---

---

---

---

---

---

---

Spider and midge in Baltic Amber

---

---

---

---

---

---

---

---

Dominican amber (20-30 MYA)  
nugget with ant

---

---

---

---

---

---

---

---

Dominican amber (20-30 MYA)  
red ant

---

---

---

---

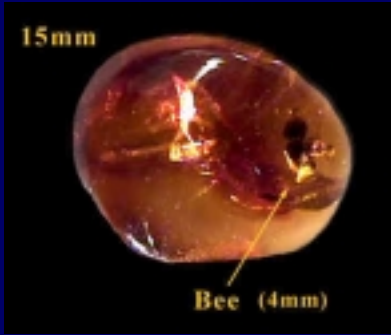

---

---

---

---

Dominican amber (20-30 MYA)  
nugget with bee

---

---

---

---

---

---

---

---

Dominican amber (20-30 MYA)  
bee

---

---

---

---

---

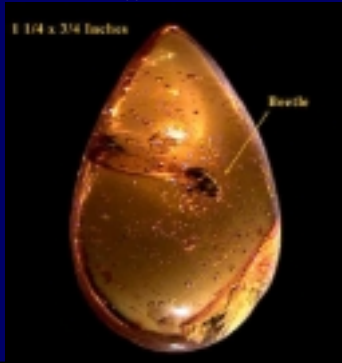

---

---

---

Dominican amber (20-30 MYA)

nugget with beetle

---

---

---

---

---

---

---

---

Dominican amber (20-30 MYA)

beetle

---

---

---

---

---

---

---

---

Dominican amber (20-30 MYA)

preying mantis immature with prey

---

---

---

---

---

---
