Department Mission

The Department of Business Administration at Sonoma State University offers high-quality, relevant education in business to aspiring and practicing professionals, managers, and entrepreneurs in the private and public sectors. It does this in a liberal arts and sciences environment in which faculty emphasize the development and continuous improvement of the skills of critical thinking, effective communication, ethical reasoning, maintaining a global perspective, and applying disciplinary tools.

Careers in Business Administration

The Department of Business Administration offers a wide selection of specialized courses designed to meet a variety of career objectives. These career objectives include, but are not limited to, management-level accounting positions in business, government, or public accounting; financial management, financial analysis and planning, investment banking, and insurance; general management, personnel, labor relations, public relations, wage and salary administration, training, and international business; advertising and promotion, product development, marketing research, and sales management; and positions in sales and management within the wine industry.

Bachelor of Science in Business Administration

(See page 83 for a sample four-year program.)

The Bachelor of Science in Business Administration includes a pre-business program, a core of course requirements, and a broad range of fields of concentration. All students in the major take preparatory courses and lower-division core requirements and then select concentrations based on individual interest and career plans. The fields of concentration include: accounting, finance, financial management, management, marketing, wine business strategies, and a special concentration designed by the student with the approval of the department chair. A Bachelor of Science in Business Administration prepares students for careers in an increasingly globalized world and trains them to be responsible citizens and effective leaders..

Degree Requirements

General Education	48
Pre-Major Preparatory Courses	
GE-A area	
MATH 131 or MATH 161 in GE category B4	
ECON 204 in GE category D5	
ECON 205 in GE category D1	
Major requirements [minimum]	55
General electives (to meet minimum degree requirements)	17
Minimum units needed for graduation:	120

A minimum of 120 semester units is required to graduate with a bachelor of science degree in business administration. A total of 55 units with a minimum 2.00 GPA is required for the major; 20-21 additional units are needed in preparatory courses, many of which might apply toward general education requirements. In addition to general education and the major, some students need to take other coursework to fulfill unit requirements for the degree. Such courses may be selected from the entire University curriculum and may be used to explore other disciplines, complete a minor, or take more classes in the major.

Advising

The Department of Business Administration believes that advising is essential for students' success. Students are encouraged to meet regularly with their advisor and are required to seek advising at certain critical junctures. These junctures occur when creating a 4-year plan, when changing status from Pre-Business to Business and planning a concentration, when applying for graduation, and when experiencing academic difficulties.

The department maintains an active advising function in a two-tier system. Business administration employs a full-time academic advisor with whom each Pre-Business student should consult on matters regarding general education, University requirements, the Pre-Business program, and routine major issues. When students move from Pre-Business to the Business Administration major, they are assigned a faculty advisor. Every full-time faculty member actively advises students, especially on matters relating to the major and careers.

Pre-Business Administration Program

All students enter the Business Administration program as Pre-Business majors. Pre-Business students must meet the computer competency requirement, complete all pre-major coursework, and attain junior status prior to being admitted to Business Administration major status. Business major status is required to take upper-division business courses.

Computer Competency

Prior to being admitted to Business Administration status all Pre-Business majors must demonstrate computer competency. Students may demonstrate competency by passing an approved Microsoft Excel competency examination. Students should plan carefully and consult with the school website for test and registration

information. Students may also demonstrate competency by earning a grade of C or better in an approved course that covers Microsoft Excel at an intermediate level.

Pre-Major Courses

Pre-major coursework consists of both preparatory courses and the lower-division portion of the Pre-Business major. Preparatory courses and lower-division core courses together constitute the Pre-Business major. A letter grade of C or better is required in each Pre-Business major course. In addition to demonstrating computer competency, all the following coursework must be completed as part of the Pre-Business program:

Preparatory Courses for Pre-Business Major

(units that are necessary but do not count toward the major)

GE A area	
ECON 204 Introduction to Macroeconomics	4
ECON 205 Introduction to Microeconomics	4
MATH 131 Introduction to Finite Mathematics (3) or MATH 161 Calculus	4

Lower-Division Pre-Business Core

(units count in the major)

BUS 225 Legal Environment of Business	4
BUS 230A Financial Accounting	4
BUS 230B Managerial Accounting	4

When the pre-major courses listed above are completed with a C or better, students have to file a Change of Status ("blue") form along with all corresponding unofficial transcripts in order to change their major to Business Administration. Then the student will be able to register for upper-division Business major classes.

Major in Business Administration

Lower-division business core (3 courses)	8-12
Upper-division business core courses (7 courses)	28
Concentration (5 courses)	15-20
Electives in major	As needed
Total units needed for major:	55

Transfer students may complete the Business Administration course requirements (10-course core and 5-course concentration) with fewer than 55 units; however, additional business electives must be taken to complete the 55-unit major requirement. Such students may elect to take additional coursework from their own or another area of concentration or from other approved courses offered within the business curriculum, such as BUS 295, 296, 385, 399, 495, and 499, as long as they meet the prerequisites for such courses. It is recommended that students familiarize themselves with course requirements and consult with a faculty advisor prior to choosing elective courses intended to meet the major requirements. At least one-half of the courses, including a minimum of 3 courses in the concentration, must be completed at SSU.

Upper-Division Business Core

All business students must complete the following core requirements. (Note that coursework in the selected area of concentration usually may be taken concurrently.)

BUS 316 Production/Operations Management	4
BUS 319 Management Information Systems	4
BUS 320 Business Data Analysis and Interpretation	4
BUS 344 Organizational Behavior	4
BUS 360 Introduction to Marketing	4
BUS 370 Introduction to Managerial Finance	4
BUS 491 Seminar in Management Strategy and Policy	4*

* BUS 491 is the capstone course in the Business Administration major designed to be taken in the student's final semester. Prerequisite: all business core requirements and submission of graduation application.

Concentrations for Business Administration Majors

Every business student must complete an area of concentration within the major. Each concentration consists of five courses. Each of these courses will be of 3 or more units. Students should plan carefully and consult their faculty advisor regularly and before enrolling in concentration courses. Those wishing to complete a double concentration must take at least eight concentration courses beyond the core. Many concentration courses can be taken while completing core requirements. Most courses in the concentrations have prerequisites. At times, appropriate courses from other majors, such as psychology, sociology, public administration, economics and environmental studies, may be substituted in a concentration with the approval of the concentration advisor and the department chair. Except for the special concentration, at least 3 of the concentration courses must be taken at SSU.

Master of Business Administration

The Sonoma Master of Business Administration degree (MBA) for Professionals is intended to prepare graduates for positions of management and leadership in organizational settings in both the private and public sectors. This evening program is designed primarily to meet the needs of the working student. Sonoma MBA students have the option to choose the Wine Business concentration. Information on all Sonoma MBA programs can be found at www.sonoma.edu/mba.

MBA Admissions

The Sonoma MBA program launches each year in the fall. The application period is November 1 to March 31. All documentation required for admission must be received by the University and department no later than the last day of the relevant application period.

Information on how to apply can be found at www.sonoma.edu/mba/admissions. The first step in the application process is to submit an online application through Cal State Apply. After this preliminary application is submitted, applicants will be advised as to the next steps in the admission process. Applicants are encouraged to apply early! To be admitted to the MBA program, a candidate must meet the requirements of both the University and the Department of Business Administration. In addition, all candidates for the Sonoma MBA in Wine Business will be expected to complete the Foundation and Intermediate levels of the online Wine Business Management Certificate program before being admissible to the Sonoma MBA program in Wine Business. This requirement may be waived by completion of 24 units of wine-related coursework, 24 months of wine industry work experience, or any combination thereof.

University Requirements

The requirements for admission to graduate study (work beyond the bachelor's degree) at Sonoma State University are in accordance with Title 5, *California Administrative Code*. For admission, students must:

- Hold an acceptable baccalaureate degree from an institution accredited by a regional accrediting association or have completed academic preparation as determined by an appropriate campus authority;
- Have attained a grade point average of at least 2.50 (A = 4.00) in the last 60 semester (90 quarter) units attempted;
- Have been in good standing at the last college attended; and
- Have earned a minimum score of 550 on the paper version or 80 on the computerized version of the Test of English as a Foreign Language (TOEFL) for those applicants who have not spent at least three years of school at the secondary level (or beyond) where English is the principal language of instruction.

International students must meet the admissions criteria set forth by the graduate department. Students in the Professional MBA programs are required to gain practical experience by a) completing an internship course, b) working for eight or more months during their MBA

program, or c) combining an internship course and work for a total of eight or more months during their MBA program. International students may be authorized for Curricular Practical Training (CPT) to be eligible for off-campus work or internships in a position directly related to their field of study.

Department of Business Administration Requirements

An individual may apply for admission to the MBA program with or without an academic background in business administration. Applicants will not be considered without a current Graduate Management Admissions Test (GMAT) score (less than 5 years old). The department requires a GMAT score of at least 450 and a GPA of at least 2.75 in the last 60 semester units (90 quarter units) attempted. Applicants are expected to have two years of full time work experience prior to starting the program. The department considers the candidate's application, academic background, work experience, and performance on the GMAT in evaluating high promise of success in the program.

A candidate who is not accepted may appeal to the Graduate Programs Committee for admission reconsideration. Such appeals are not routinely granted.

Documentation Needed to Apply

After applicants have been advised by the MBA Admissions Manager to apply, the following documentation is required for consideration of acceptance into the Sonoma MBA Program. All documentation required for admission must be received by the University and department no later than the last day of the relevant application period.

1. An online Cal State Apply Application must be submitted. International students must also submit a copy of the Test of English as a Foreign Language (TOEFL) score with a minimum of 550 on the paper version or 80 on the computerized version. For more information on applying, contact the Graduate Business Programs office at mba@sonoma.edu or call (707) 664-3501.
2. Official transcripts should be ordered from each college attended. A copy of each transcript should be sent to the Office of Admissions and Records at:

Sonoma State University
1801 East Cotati Avenue
Rohnert Park, CA 94928-3609

All community college and university transcripts that provide evidence of completion of MBA foundation courses must be included.
3. A current resume should be sent to the MBA Admissions Manager, School of Business and Economics, at the address above.
4. An official GMAT score report should be sent to California State University - Sonoma. Information regarding ordering GMAT score reports, locating a GMAT testing site, and GMAT preparation materials can be obtained on www.mba.com.

Graduate Student Status

A candidate admitted into the Sonoma MBA program will be admitted in one of two categories:

- **Conditionally Classified Graduate Status.** A student admitted to the MBA program as a Conditionally Classified Graduate Student can take only foundation courses. This student may not take MBA required or elective courses without permission of the Director of MBA Programs. A student who begins as a Conditionally Classified Graduate Student will be eligible for advancement to Classified Graduate Status upon successful completion of the foundation courses.
- **Classified Graduate Status.** A student admitted to the MBA program as a Classified Graduate Student will have completed the foundation courses at the time of admission. This student should take the MBA core courses to begin the program.

Admissions Process

The Office of Admissions and Records performs the initial evaluation of the application and transcripts and determines eligibility for admission to the University. If the candidate is not eligible for admission to the University, the candidate is notified and the process stops.

If the candidate is eligible for admission to the University, the application is forwarded to the Director of MBA Programs for the department recommendation. When the GMAT score and resume are received, eligibility for admission to the MBA program is determined and a recommendation for status of admission is returned to the Office of Admissions and Records, which will notify the candidate of the results.

Students who have not taken the GMAT will not be accepted for entrance into the program.

Transfer Credits

Up to 6 units of approved graduate level work from accredited universities may be transferred to meet part of the 31 units for the MBA. However, these requests are not routinely granted. Graduate courses equivalent to our foundation courses will not be accepted to meet elective or required MBA courses. Transfer courses must be approved by the Director of MBA Programs. Students are advised to get approval prior to taking any transfer courses.

Eligibility for MBA Courses

Courses offered in the Sonoma MBA program have restricted enrollment.

- For MBA foundation courses, a student must be at least a Conditionally Classified MBA student or obtain written permission from the Director of MBA Programs.
- For MBA required or elective courses, a student must be a Classified MBA student or obtain written permission from the Director of MBA Programs.

Readmission

Continuing students (those who have completed courses in the MBA Program) may take a leave of absence from the program for one or

two semesters by completing a 'Leave of Absence' form and filing it with the Office of Admissions and Records. Students who take more than two semesters off and/or do not complete a 'Leave of Absence' form must reapply and meet current admission standards as presented above. In addition, the GMAT used to determine that admission can not be more than 5 years old. Students readmitted may have to recertify courses. Recertification is necessary for any course that will be more than 7 years old in the semester the degree is granted.

MBA Program Curriculum

The Sonoma MBA for Professionals program has been adapted to meet the ever-changing needs of today's business world. It will equip students with business tools and strategies to deliver results in today's transformational economy. It will teach students not just how to read financial statements, but how to apply that information to make decisions and shape strategy. It will help students learn not just the principles of marketing, but how to develop a brand, deliver transformational customer experiences, and integrate marketing communication across numerous outlets. Students will gain knowledge not just in business strategies, but in innovation, entrepreneurship, and data analytics.

The Sonoma MBA is organized around a 4-3-2-1 model: four core courses, three theme areas, two electives, and one capstone course. Three theme areas - International Business and Global Issues, Leadership and Ethics, and Contemporary Business Issues - allow students to choose their career emphasis.

Inside and outside of the classroom, students gain access to the deep knowledge of our regional business partners and to career support services.

Evening classes are designed to easily fit into busy schedules, small class sizes allow students to make personal connections with classmates, and academic and professional instructors are committed to helping students reach their future business goals.

Analytical Writing Requirement

All candidates entering SSU as MBA students who do not score at least 4.00 on the analytical writing portion of the GMAT must pass the CSU Written English Proficiency Test (WEPT) either during their first semester or before completing the foundation courses.

Grades

All courses applied to the program must be completed with an overall GPA of 3.00, and no course for which a final grade below C is assigned may be used to satisfy this requirement. Graduate programs must be completed in no more than 7 years, which is computed as 14 semesters.

The Sonoma MBA for Professionals program (31 units) consists of the following course sequence:

- eMBark Weekend
- 4 Core Courses
- 3 Theme Area Courses

- 2 Elective Courses
- 1 Capstone Experience

If students do not have an undergraduate business degree, there may be an additional foundation step of the program that needs to be completed (see MBA Foundation Courses below). Contact our office for a transcript review and/or assistance at (707) 664-3501.

eMBArk Weekend (1 Unit)

The Sonoma MBA experience begins with an experiential immersion weekend that combines academic planning, teamwork development, and case analysis practice.

4 Core Courses (12 Units)

The MBA core courses are a cluster of graduate business courses that provide a base knowledge upon which other courses and theme areas build. In the first year, students complete the four core courses as a cohort, a group study model that builds relationships and mirrors a team workforce environment. Two courses are completed in the Fall Semester and two courses are completed in the Spring Semester. The four core courses, which are prerequisites for all other courses are:

BUS 535 Cost Analysis and Control	3
BUS 540 Managing and Motivating Employees	3
BUS 570 Managerial Finance	3
BUS 580 Business Intelligence	3

3 Theme Areas (9 Units)

Breadth of exposure and relevance to today's workplace are ensured by requiring students to take one course in each of three thematic areas: Leadership and Ethics, International Business and Global Issues, and Contemporary Business Issues. A sample of possible courses in each theme areas include:

- Leadership and Ethics
 - BUS 552 Leadership and Innovation
 - BUS 553 Sustainable Business Management
- International Business and Global Issues
 - BUS 516 Operations Management
 - BUS 593 International Business
- Contemporary Business Issues
 - BUS 519 Management Information Systems
 - BUS 560 Seminar in Marketing Management

2 Elective Courses (6 Units)

Students gain depth in the areas of their interest by choosing two electives taken from any thematic area, or by setting up a special study experience, or an internship project.

1 Capstone (3 Units)

Students put it all together in a final business strategy course (BUS 591) that requires them to develop a comprehensive case research project with an existing organization. To enroll in the capstone course, it must be the student's last semester in the program and the student must have completed the 4 core and 3 theme area courses. Exceptions require the approval of the Director of MBA Programs.

MBA Program with a Wine Business Concentration

The Sonoma MBA in Wine Business is intended to prepare graduates for positions of management and leadership in wine industry organizations. Located in the heart of California's wine country, we offer extraordinary experiences in learning through local internships, special studies, student-run projects, and professional connections to alumni in the industry.

The Sonoma MBA in Wine Business is designed to primarily meet the needs of the working student in Sonoma County and the North Bay region as well as full-time students from the other parts of the country and the world.
